

Project Initialization and Planning Phase

Date	02 October 2026
Team ID	SWTID-2026-5675
Project Name	Import Data using Transform Maps (Spreadsheet)
Maximum Marks	3 Marks

Define Problem Statement (Customer Problem Statement Template):

Create a problem statement to understand the customer's point of view. The Customer Problem Statement template helps focus on what matters to the customer and clearly describes the challenge, the attempted task, and the expected outcome.

Problem Statement:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A ServiceNow administrator or user importing spreadsheet data.	Import spreadsheet data into ServiceNow using Transform Maps.	The spreadsheet data may not match the target table fields correctly.	Incorrect field mapping or data format can cause import errors or inaccurate records.	Concerned about data accuracy and successful import.

Project Objective:

To import spreadsheet data into ServiceNow accurately by using Transform Maps, field mapping, and appropriate data transformation so that records are created or updated correctly in the target table.
